

Girlguiding Essex North East Growing Guiding Challenge 2016

The County Challenge badges are designed to encourage all members of Girlguiding Essex North East, through the completion of challenges inspired by the five key areas of the County team, to grow in their knowledge of each section of our organisation and our County.

The challenge badge is for ALL sections.

In 2012 we looked at Rainbows, 2013 Brownies, 2014 Guides, 2015 Senior Section and Adult and Trefoil members in 2016.

Essex North East County

WE DISCOVER, WE GROW

Girlguiding

Welcome to the fifth and final Growing Guiding Challenge from Essex North East. This now completes the series of annual challenge badges where we asked you each year to look at a particular section and learn about what they do and how they work. The aim has been for girls and Leaders to learn about the different sections in Guiding, different areas of our County Team and to encourage girls to move onto the next section when the time was right.

Our final challenge badge focuses on the Adults within Guiding - our **Leaders and members of the Trefoil Guild**. Our challenges have been designed to focus on either the programme, as in Rainbows and Brownies, or the type of badges that the section works on, like Go For It! for the Guides and Look Wider for the Senior Section. As Leaders within Guiding we tend not to work on interest badges but more on gaining skills in safety, administration, finance and leadership to improve how we are able to work with the units we lead, whilst making new friends, learning new skills and growing in our guiding experiences. This year the badge has been formatted to resemble the Leadership Qualification and the four modules within in but also incorporating Girlguiding's Being Our Best 5 year plan and the Trefoil Voyager and Dark Horse challenges. We hope it will give girls a taste of being a leader and life beyond being a girl member of our organisation; something they can aspire to in the years ahead!

Just as every leadership book submitted is different, this badge syllabus gives lots of opportunities for girls to develop their own ideas; find their own resources and think outside the box. The pink helpful "Notes for leaders and Units" box gives some links and suggestions which you can further explore to help your girls determine what they might like to do for each challenge and to help them develop their own ideas.

There are six clauses within each module, the first four take the themes from Being our Best which can be summarised as:

- Access: Working together to ensure that more girls from all backgrounds benefit from what we do.
- Excellence: Getting better at all that we do for girls
- Capacity: Working collaboratively to improve our processes and decision making
- Voice: Listening to girls and promoting their voices

The fifth and sixth clauses are taken from the Voyager and Dark Horse challenges worked on as Trefoil Guild members.

To gain the badge, members need to complete at least one activity from each of the six areas—Access, Excellence, Capacity, Voice, Voyager, Dark Horse—ensuring that, as a minimum, at least one activity comes from each of the four modules. This obviously means you will duplicate some areas.

Just as in the leadership qualification, there are lots of opportunities to be creative, one activity may help complete more than one section, ie Excellence (skill sharing) in module 1 could contribute towards completing Capacity in module 2.

Within the County we also work together as a team and if you need any assistance with any of the sections please do get in touch. We are all here to help each other:

Booking forms for Gig4Girls 9.7.16 and County panto trip 11.12.16 can be found on the website.

Does a parent have a skill or hobby that they could share? Maybe you have recently attended a training - County Training Day on 14th May is full of ideas. Trefoil members are a great resource of ideas!

Why not try decorating cakes, outdoor cooking or a drama sketch—the evening is up to you! Remember that you may have a budget to follow. Planning could be combined with Excellence in Module 4 by creating a survey of initial ideas.

Google “what makes a good leader images” for ideas of how to present ideas creatively ie. Wordles, word art, mindmaps. Can this be displayed somewhere and complete Clause 4 Module 3 at the same time.
